

HAF Fans

Economic Professional Air Movement

The HAF fan comes fully assembled with chains. This proven fan has a high rate of flow and efficacy that allows less fans to be installed with the same effective air movement and with low sound ratings. Less fans means less cost.

Features

- Powerful air throw
- Quiet, smooth operation
- Compact design
- OH&S standard guards
- Plug and lead fitted
- High quality, speed controllable, IP55 motor
- Epoxy painted casing
- Each Fan services estimated 330m²
